

CHANGES OF THE RULES 2025 (draft)

Rule G3.2: Entry

~~Following agreement by the IWWF Congress held in 2019, the IWWF Executive Board approved the establishment of an IWWF License fee from 2021 where competitors in Ranking List and Record Capability competitions on each Sports Division of the IWWF could be required to hold the IWWF License. Licenses can be obtained via the EMS system.~~

~~Based on the above decision, a skier to compete in any event must hold a valid IWWF license. A skier without valid license cannot take part in competitions. It is requested that Federations ensure that all athletes hold a valid IWWF License before participating in Record Capability, Normal or Who Beats Who International competitions.~~

To compete in any event, Record Capable, Normal or Who beats Who, a skier must hold a valid IWWF licence from the EMS. This is in addition to any licence that their federation may require.

For national WBW competitions, the IWWF license is not required. In this case the scorer needs to check with the organiser whether all skiers have some sort of license, as this is important for insurance coverage.

Rule G4.2: Divisions

Competition in each event shall be separated into a Men's and a Women's division.

Division	Age	Max. Slalom Speed	Max. Jump Speed	Ramp Heights*
Open	No limitation	Men: 58 Women: 55	Men: 57 Women: 54	Men: 1.50 or 1.65 or 1.80 Women: 1.50 or 1.65

The maximum slalom speed can be reduced for specific reasons, this needs to be announced in the competition bulletin.

*Ramp heights of 1.35 may not always be available

Rule G8.1.3: Categories

Ranking Lists will be prepared for Men and Women in the following categories:

- ONLY Open
-

Rule G8.1.4: Schedule and submission process.

The WBW Ranking List is a 1 year rolling list which will be updated weekly. Updates are made automatically upon uploading the ".wsk" and ".wst" files by the scorer.

The system used as of 2025 is based on the following rules:

- **"Who beats who" cableski ranking list 2025**
- Last publication: **29th of December 2025**
- System used:
 - Each competition has a coefficient (1.00 -> 0.50, see below)
 - **A virtual classification based on best performance of each skier in the competition is made, and the place at the competition is set accordingly.**
 - Each skier get a "Skill Level" (1.00 -> 0), based on his/her best score achieved during the competition in relation (%) to the world record. A skier will get the coefficient based on the best beaten skier, i.e. the best skill level of all skiers placed below him/her. This coefficient is rounded up to 0.01 (to the next round %).
 - The skiers at a competition received points according to their place (from 1000->1, see below)
 - Final points = Virtual placement points multiply by the above 2 coefficients.
 - best 4 points in the last 52 weeks are added to get the final skiers WBW points
- The ranking list is based on the competitions of the last 52 weeks. ("rolling ranking list")

Competition coefficients:

Competition type	Coefficient
WORLD and Region CHAMPIONSHIPS	1.00
Regional age category Championships	0.90
International homologated competitions	0.80
National homologated competitions	0.70
International not homologated competitions	0.60
National not homologated competitions	0.50

•

Points given to place achieved in a competition.

Those points are multiplied by both above coefficients to give the skiers points for a competition.

Number of skiers per event	Factor
----------------------------	--------

20. or more skiers	-10%
10. to 19 skiers	-15%
0 to 9 skiers	-20%

The percentage factor means : decreasing points from place to place by xx%

1st Place : 1000

2nd Place : 1000 -xx%

3rd Place : point 2nd place - xx%

Place	Points (20 + Skiers)	Points (10 – 19 + Skiers)	Points (1 - 9 Skiers)
1	1000	1000	1000
2	900	850	800
3	810	723	640
4	729	614	512
5	656	522	410
6	590	444	328
7	531	377	262

18	167	63	
19	150	54	
20	135		
21	122		
22	...		

Rule TR4.5: Refusal of the skier

A skier may refuse to enter the jump course on each jump by raising one arm in the air. He shall not be penalized for so doing providing this refusal was for a reason judged acceptable by the Event Judges. The skier must be ready to ski immediately after the decision of the Event Judges. Should the skier not be ready, or should the reason be judged not acceptable by the Event Judges, he loses the right for this jump and this jump will be considered as a registered jump.

A jumper shall receive no further jumps in a round, if the jumper passes between the centerline and the ramp.

Rule TR6.14: Trick lists

To facilitate trick scoring a list of declared tricks to be attempted by the skier **may** be required from each skier in the trick event before the event starts. The Chief Judge and the Chief Scorer shall determine the exact time when the list must be submitted for each round **if requested**. The trick list shall be prepared using the official code shown in the table of trick values. Reverse turns must be indicated by an R preceding the official code.

There is no penalty for not following the trick list.

A skier who fails to submit a trick list shall be disqualified from that trick round. A skier may submit a different trick list for other rounds if he so desires. The list declared shall be made available to the officials at the discretion of the Chief Judge.

Rule SC1.5.2: Rounds

Each event shall consist of two rounds: a preliminary round and a final round.

Reverse start list will be used for the preliminary (based on entry performance) and final rounds (based on results of the preliminary round).

A skier must score (more than 0) in the preliminary round to qualify for the final.

The number of skiers qualified to ski in the final of an event shall be determined as shown in the following table:

Number of Skiers who started in the Preliminary round.	Number of Skiers in Finals
1 – 5	All
6 – 10	First 5
11 – 12	First 6
13 – 15	First 8
16 – 19	First 10
20 or more	First 12

If there is a tie for the last place in the finals, there will be a run-off between the tied skiers.

Rule SC1.5.4: Starting order

The day before the start of a preliminary round the entry list shall be closed and thereafter the order of skiers **made by Reverse start list which based on enter performance)**

Rule SC4.4: Qualification

To enter the Confederation Cableski Senior Championships as a team member, no qualifications are needed to enter in any event. As a result, there may be skiers of lower level than for other high ranked competitions. The Chief Judge therefore will set the minimum slalom speed to give all skiers a chance to enter the slalom course.

Recommended Starting Speed for Slalom Preliminary Round:

	Senior 1	Senior 2
Men:	49 kph	46 kph
Women:	46 kph	43 kph

Maximum speeds:

	Senior 1	Senior 2
Men:	55 kph	46 kph
Women:	52 kph	43 kph
